Following God's Calling, Living Out Our Mission

God has given each of us a calling—and it may look different for every person. For some, it's serving in children's ministry. For others, it's showing kindness at work, raising a family to know Christ, or sharing the gospel with a neighbor. No matter where He has placed us, our mission is the same: to make Jesus known in both word and action.

Following God's call isn't always about doing something big and flashy. Often, it's found in the small, faithful steps we take each day—choosing to love, to forgive, to serve, and to stand firm on God's Word. As Christians, we believe we're called to live on mission at home, in our community, and across the world. That means being ready to say "yes" when God opens a door for us to share Christ or meet a need.

When we live this way, we're not just "going to church"—we are the church. Together, we carry the Great Commission forward, trusting God to use our obedience for His glory.

Let's encourage one another to keep listening for His voice, stepping into His plans, and living out the mission He's given us—every single day.

Uwharrie Community Church exists to help people LOVE God, LOVE others and LOVE sharing the Good News of Jesus. That means we WORSHIP God in every area of our lives, we love and serve those in our COMMUNITY and we take our MISSION seriously of telling others of God's love for them. We say it like this, "Love HIM, Love THEM, Tell them WHY."
